This event is for youth who face a challenge participating in our regular Youth Trout Rodeo. Our goal for this event is to eliminate any barriers which may exist for youth who would like to take part in the sport of fishing. Whether the challenge is physical, emotional, or otherwise, we want to provide an opportunity.

The Club will supply a fishing rod, tackle, bait, and individual help for all participants.

Pre-Application approval will be required to participate.
We are accepting a limited number of participants all who must be under the age of 16.

To register fill out the registration form and email or mail it to the club for approval by April 1st, 2024. All applicants will be notified by the Trout Rodeo Committee with the decision on the application.
